T.J:

As a member of Wyoming Workers' Safety, I conducted an inspection of the construction processes being performed on the new WYDOT facility at 307 Hwy 20 South in Thermopolis, WY on September 14, 2005.

At the time of the inspection, no violations of the OSHA regulations were observed.

If you don't already know, we have a consultation program that provides assistance to employers in various ways. This program is designed to help you reduce injuries and fatalities as well as minimizing your financial costs and Workers' Compensation premiums. If you would like further information about this program, please contact us at (307) 777-7786 or visit our web site at: <http://wydoe.state.wy.us>.

We appreciate and congratulate you and your employees on the efforts put forth in the interest of health and safety.

Sincerely,

Janet F. Cutler
Safety Compliance Officer
